

Alemite CARBON SHIELD™ for Hazardous Locations

Alemite Carbon Shield™ atomized oil lubrication systems are designed for hazardous environments, meeting NEC Class I, Division 2 requirements for Groups B, C and D. **Alemite Carbon Shield™** is qualified for use in refineries, petrochemical plants and other hazardous location applications.

Key Benefits

- 🔑 **Green System**
- 🔑 **Adaptive Control**
- 🔑 **Intelligent Diagnostics**
- 🔑 **Accurate Oil To Air Density Measurement**
- 🔑 **Remote Data Access through the Web**
- 🔑 **Digital Communications**
- 🔑 **Fault Capture**
- 🔑 **Historic Data Trending**
- 🔑 **Multi-lingual Display**
- 🔑 **Corrosion Resistant - Stainless Steel Enclosure**
